

1. Open Internet Explorer.
2. To the Tools menu and choose Internet Options.
3. Under Browsing History, click the Delete button.
4. Delete the Temporary Internet Files.
5. Navigate to the Angel portal and log in.
6. Go to the lessons tab and open a lesson where you had difficulty getting to the online chapters.
7. Click a link to one of the online chapters, and you should see a message similar to the one below.

8. Click No on this message otherwise the pages will not be able to display properly. (Clicking yes here will prevent the chapter pages from loading and you will have to repeat these steps.)
